

Asia Europe Business School Master

International Business (Global Management and China Studies)

Double Degree

School Overview

Asia Europe Business School was jointly created by East China Normal University, a double first-class construction university in the world, and emlyon business school, a prestigious university in Europe in June 2015. It is supported by Shanghai Minhang District People's Government and Shanghai Zizhu Hi-Tech Zone (Group) Co., Ltd. The school is now offering Master's degree in International Business (Global Management and China Studies concentration), for both single degree program and double degree program.

AEBS focuses on cultivating students' innovation ability and international management ability in the global business environment. As of September 2025, students come from 85 countries around the world, with international students accounting for 70% of the total.

Distinctive Features

- Triple International Accreditation: AACSB, EQUIS, AMBA (top 1% of world business schools)
- A Tradition of Teaching Innovation: digital and blended learning, project-based learning

- Top Universities: from one leading Chinese university and one top French business school
- Global Experience: with an enriching and vibrant experience in China and France
- Double Language Competency: speaking fluent Chinese and English, and some French, will give you a distinctive edge
- The program consists of five modules:
 - Chinese Language & Culture
 - Global Business Management Courses
 - China Economy & Management Courses
 - Brand / Innovation Direction Courses
 - Professional Practice & Internship

Program Overview

AEBS has set up a Double Degree Program in International Business (Global Management and China Studies) for master candidates, exclusively for international students. This program's vision is to "shape business elites and promote Chinese culture". Its mission is to develop foreign talents in economics and management. By providing high quality education resources from China, the program offers comprehensive, international and innovative theoretical and practical training. It will help develop high-level and all-around talents with global vision, proficiency in Chinese culture, solid theoretical foundation and rich professional knowledge, who can support business operations and management.
